## ABOUT AS

*Deva Granit Marble was established as a joint stock company. To develop and develop in the Natural Stone sector by combining the forces of KORKMAZ brothers, who worked differently before. With its 2,000 m2 closed, 10,000 m2 open workshop, it processes 400 kinds of stones such as marble, granite, onix, travertine and composite quartz in all construction items with meticulous mastery and grows very quickly, in its factories and warehouses. The warehouse has not been manufactured and implemented.*
